Line Ports - These rates are placed in the tariff and do not adjust with NECA for ACT.

* Element not listed in company Interstate tariff.
** Rate Elements were banded since original FCC tariff filing. These elements would rarely be used, so not worth updating the tariff at this time for the fee. This is listed at Rate Band 7, which is the amount when the elements were not banded. If this element would be billed in future, the tariff should be updated to reference a specific rate band.
